Piracy and Armed Robbery Against Ships in Asia

OVERVIEW

During 10-16 Sep 19, one CAT 4\(^1\) incident of piracy was reported to ReCAAP ISC. The incident occurred on 8 Sep 19 to an LNG tanker while anchored at approximately 15 nm east of Johor, Malaysia in the South China Sea.

Refer to the map below on the location of the incident. The details are in the attachment.

\(^1\) CAT (Category) 4 incident is classified as ‘least significant’ in nature. Under this category, the perpetrators were not armed, and the crew not harmed.
SITUATION OF ABDUCTION OF CREW IN THE SULU-CELEBES SEAS AND WATERS OFF EASTERN SABAH

As the risk of the abduction of crew in the Sulu-Celebes Seas and waters off Eastern Sabah is high as demonstrated by the abduction of 9 crew on 18 Jun 19, the ReCAAP ISC reiterates its advisory issued via the ReCAAP ISC Incident Alert dated 21 Nov 16 to all ships to reroute from the area, where possible. Otherwise, ship masters and crew are strongly urged to exercise extra vigilance while transiting the area, and report immediately to the Operation Centres of Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The contact details of the Operation Centres of the Philippines and ESSCOM of Malaysia (updated by ReCAAP ISC on 3 Jan 19) are as follows:

2 The nine abducted crew were released on 21 Jun 19.
RECOMMENDATION

The ReCAAP ISC urges ship master and crew to report all incidents of piracy and armed robbery against ships to the nearest coastal State and flag State, exercise vigilance and adopt relevant preventive measures taking reference from the Regional Guide to Counter Piracy and Armed Robbery Against Ships in Asia.
