Piracy and Armed Robbery Against Ships in Asia

OVERVIEW

During 11-18 Feb 20, two incidents of armed robbery against ships (comprising one CAT 3\(^1\) incident and one CAT 4\(^2\) incident) were reported to ReCAAP ISC. The CAT 3 incident occurred at Kakinada anchorage, India; and the CAT 4 incident occurred while underway off Karimun Besar Island, Indonesia in the eastbound lane of the Traffic Separation Scheme (TSS) in the Singapore Strait. The latter is the 7\(^{th}\) incident in the eastbound lane of TSS in 2020. During the last 5 months, 24 incidents were reported in the eastbound lane of TSS.

The location of the two incidents is shown in the map below; and detailed description tabulated in the attachment.

\(^1\) CAT (Category) 3 incident is ‘less significant’ in nature. Under this category, the perpetrators could be armed with knives/machetes or other items such as sticks or rods. The crew was not harmed although there remains a small possibility that the crew could be subjected to duress or threat during the incident but not harmed physically. In most CAT 3 cases, the perpetrators were unable to steal anything from the vessel, but in cases where losses were reported, stores and engine spares were commonly targeted items.

\(^2\) CAT (Category) 4 incident is classified as “least significant” in nature. Under this category, the perpetrators were not armed, and the crew not harmed.
INCIDENT OUTSIDE ASIA

An attempted incident involving a liquefied gas carrier was reported to the ReCAAP ISC. The liquefied gas carrier was underway in the Arabian Sea on 10 Feb 20 when a skiff with three men on board was pursuing the ship. The incident was reported to ReCAAP ISC. The detailed description of the incident as tabulated in the attachment.

SITUATION OF ABDUCTION OF CREW IN THE SULU-CELEBES SEAS AND WATERS OFF EASTERN SABAH

As the risk of the abduction of crew in the Sulu-Celebes Seas and waters off Eastern Sabah is high as demonstrated by the recurrence of the abduction incident on 17 Jan 20, the ReCAAP ISC reiterates its advisory issued via ReCAAP ISC Incident Alert dated 21 Nov 16 to all ships to reroute from the area, where possible. Otherwise, ship masters and crew are strongly urged to exercise extra vigilance while transiting the area, and report immediately to the Operation Centres of Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The contact details of the Operation Centres of the Philippines and ESSCOM of Malaysia (updated by ReCAAP ISC on 3 Jan 19) are as follows:

Contact details

In the event that the ship master is not able to establish contact with the Operation Centres of the Philippines as listed in the ReCAAP ISC Advisory, he can contact the Philippine Coast Guard Command Centre at the following contact details:

Tel: +632-8-527-8481 (ext: 6136/37)
+63-998-585-5327 (mobile)
+63-917-842-8249 (mobile)
+63-8-527-3877 (fax)

Email: pcgcomcen@coastguard.gov.ph
The ReCAAP ISC advises the shipping industry and ships to enhance their situation awareness by referring to the *Guidance on Abduction of Crew in the Sulu-Celebes Seas and Waters off Eastern Sabah* produced by ReCAAP ISC in July 2019. The Guidance is available at [www.recaap.org](http://www.recaap.org).

**RECOMMENDATION**

The ReCAAP ISC urges ship master and crew to report all incidents of piracy and armed robbery against ships to the nearest coastal State and flag State, exercise vigilance and adopt relevant preventive measures taking reference from the *Regional Guide to Counter Piracy and Armed Robbery Against Ships in Asia*.
