Piracy and Armed Robbery Against Ships in Asia

OVERVIEW

During 21-27 Jul 20, one incident of armed robbery against ship in Asia was reported to the ReCAAP ISC. The CAT 4\(^1\) incident occurred on board a flat top deck cargo barge towed by a tug boat while underway in the precautionary area in the Singapore Strait.

The location of the incident is shown in the map below; and detailed description of the incident tabulated in the attachment.

\(^1\) CAT (Category) 4 incident is classified as “least significant” in nature. Under this category, the perpetrators were not armed, and the crew not harmed.
As the risk of the abduction of crew in the Sulu-Celebes Seas and waters off Eastern Sabah is high as demonstrated by the abduction incident on 17 Jan 20 and information of planned kidnapping in Sabah and Semporna, Malaysia, the ReCAAP ISC reiterates its advisory issued via ReCAAP ISC Incident Alert dated 21 Nov 16 to all ships to reroute from the area, where possible. Otherwise, ship masters and crew are strongly urged to exercise extra vigilance while transiting the area, and report immediately to the Operation Centres of Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The contact details of the Operation Centres of the Philippines and ESSCOM of Malaysia (updated by ReCAAP ISC on 3 Jan 19) are as follows:

The Guidance is available at [www.recaap.org](http://www.recaap.org).

**RECOMMENDATION**
