Piracy and Armed Robbery Against Ships in Asia

OVERVIEW

During 25-31 Aug 20, three incidents of armed robbery against ships in Asia were reported to the ReCAAP ISC. Of these, two incidents (one CAT 3\(^1\) and one CAT 4\(^2\)) occurred on board bulk carriers while underway in the eastbound lane of the Traffic Separation Scheme (TSS) in the Singapore Strait. In these two incidents, the crew was safe and no item was missing. The third incident (CAT 4) occurred on board a tanker while anchored at Sandakan Inner Anchorage, Sabah, East Malaysia. The crew was safe but 11 drums of paint were stolen.

The location of the incidents is shown in the map below; and detailed description of the incidents tabulated in the attachment.

---

\(^{1}\) CAT (Category) 3 incident is ‘less significant’ in nature. Under this category, the perpetrators could be armed with knives/machetes or other items such as sticks or rods. The crew was not harmed although there remains a small possibility that the crew could be subjected to duress or threat during the incident but not harmed physically. In most CAT 3 cases, the perpetrators were unable to steal anything from the ship, but in cases where losses were reported, stores and engine spares were commonly targeted items.

\(^{2}\) CAT (Category) 4 incident is classified as “least significant” in nature. Under this category, the perpetrators were not armed, and the crew not harmed.
SITUATION OF ABDUCTION OF CREW IN THE SULU-CELEBES SEAS AND WATERS OFF EASTERN SABAH

As the risk of the abduction of crew in the Sulu-Celebes Seas and waters off Eastern Sabah is high as demonstrated by the abduction incident on 17 Jan 20 and information of planned kidnapping in Sabah and Semporna, Malaysia, the ReCAAP ISC reiterates its advisory issued via ReCAAP ISC Incident Alert dated 21 Nov 16 to all ships to reroute from the area, where possible. Otherwise, ship masters and crew are strongly urged to exercise extra vigilance while transiting the area, and report immediately to the Operation Centres of Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The contact details of the Operation Centres of the Philippines and ESSCOM of Malaysia (updated by ReCAAP ISC on 3 Jan 19) are as follows:

The ReCAAP ISC advises the shipping industry and ships to enhance their situation awareness by referring to the Guidance on Abduction of Crew in the Sulu-Celebes Seas and Waters off Eastern Sabah produced by ReCAAP ISC in July 2019. The Guidance is available at www.recaap.org.

RECOMMENDATION

The ReCAAP ISC urges ship master and crew to report all incidents of piracy and armed robbery against ships to the nearest coastal State and flag State, exercise vigilance and adopt relevant preventive measures taking reference from the Regional Guide to Counter Piracy and Armed Robbery Against Ships in Asia.
