ReCAAP ISC Weekly Report 21-27 September 2021

Piracy and Armed Robbery Against Ships in Asia

OVERVIEW

During 21-27 Sep 21, no incident of armed robbery against ships in Asia was reported to the ReCAAP ISC. However, the ReCAAP ISC advises ships to continue to exercise enhanced vigilance; and littoral States to increase patrols and enforcement in areas of concern, including the Singapore Strait, Manila Anchorage areas, and the Sulu-Celebes Seas.

ARREST OF THE LEADER OF THE GROUP RESPONSIBLE FOR INCIDENTS OF ARMED ROBBERY AGAINST SHIPS AT MANILA ANCHORAGE AREAS

On 27 Sep 21, the Philippine Coast Guard and the Philippine National Police arrested the leader of the group responsible for the recent series of incidents of armed robbery occurred to ships while anchored at Manila Anchorage areas in the Philippines (refer to the ReCAAP ISC's Incident Alert on 23 August 21). The joint law enforcement agencies are currently carrying out follow-up operations against other members of the group.

SITUATION OF ABDUCTION OF CREW IN THE SULU-CELEBES SEAS AND WATERS OFF EASTERN SABAH

There is no incident of abduction of crew reported since the last incident in January 2020 up to today, and no crew is currently being held in captivity by the Abu Sayyaf Group (ASG).

On 23 Apr 21, the Philippine Armed Forces had conducted a military operation against members of the ASG during which one of the ASG leaders responsible for the abduction of crew in the area of Sulu and Tawi-Tawi had managed to escape. The threat of the abduction of crew in the Sulu-Celebes Seas and waters off Eastern Sabah remains high particularly in the areas of Sulu and nearby waters off Tawi-Tawi.

The ReCAAP ISC reiterates its advisory issued via ReCAAP ISC Incident Alert dated 21 Nov 16 to all ships to reroute from the area, where possible. Otherwise, ship masters and crew are strongly urged to exercise extra vigilance while transiting the area, and report all incidents immediately to the Operation Centres of the Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The contact details of the Operation Centres of the Philippines and ESSCOM of Malaysia are as shown next page:

The map shows the Sulu Sea to the north and the Celebes Sea to the south. Three contact points are marked: 1 (Zamboanga), 2a and 2b (Bongao), and 3 (Lahad Datu).
