### AREAS OF CONCERN

The ReCAAP ISC is concerned with the continued occurrence of incidents in the Singapore Strait (SS). With this incident, a total of 53 incidents were reported in the SS since January 2022. In November 2022, two Incident Alerts (IA 05/2022 dated 21 Nov 22, and IA 06/2022 dated 28 Nov 22) were issued to advise ships to intensify vigilance when transiting the area, and to urge the littoral States to increase patrols and enforcement. The IAs can be found at [www.recaap.org](http://www.recaap.org).

### SITUATION OF ABDUCTION OF CREW IN THE SULU-CELEBES SEAS AND WATERS OFF EASTERN SABAH

#### Downgrading of threat level

- The Philippine Coast Guard (PCG), after careful consideration of inputs from stakeholders and counterparts with vital involvement in securing the Sulu-Celebes Seas maritime security measure, recommends the downgrading of the threat on the 'Abduction of crew for ransom in the Sulu-Celebes Seas' from 'POTENTIALLY HIGH' to 'MODERATE'. The MODERATE threat level implies that '*Incidents are possible to occur but are relatively less severe in nature*'.

#### Update of ReCAAP ISC Advisory

- As the threat of abduction of crew in the Sulu-Celebes Seas has diminished since January 2020 due to successful military operations and robust law enforcement initiatives, the ReCAAP ISC updates its Advisory to all ships to **consider re-route from the area as an option based on its prerogative**.
- For ships transiting the area, the **ship masters and crew are strongly encouraged to exercise extra vigilance and report** all incidents immediately to the Operation Centres of the Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The **Contact Details** of the Operation Centres of the Philippines and ESSCOM of Malaysia are as shown in Picture 1.

<sup>1</sup> CAT (Category) 3 incident is 'less significant' in nature. Under this category, the perpetrators are armed with knives/machetes or other items such as sticks or rods. Although the crew can be subjected to duress or threat during the incident, they are not harmed physically. In most CAT 3 cases, nothing is stolen. In cases where losses are reported, stores and engine spares are commonly stolen items.
